## ABOUT FRESH ACCESS

Each year, the Friends of Holcomb Farm provides more than 12 tons of produce to people who can't afford or access healthy food, as well as those facing a health crisis. During our growing season, we support more than 450 families/individuals each week. We provide the food to our community partners, who distribute it to their clients. For every \$1.00 we raise, we put an estimated \$1.40 worth of fresh, local produce into the hands of people who need it most.
